

1. Big Picture

You don't want to look at one little piece of

6. Be decisive

A lot many investors lose precious opportunities and time by avoiding decision making in time. Time is of great essence when it comes to investing. Being laid back

otherwise. Money can be earned either by earning income or by investing in capital gains or by taking risks in you

GUARANTEED WAYS TO LOSE MONEY

doing so, the investor does not realise that it is losing money as the value of money also keeps on declining due to inflation. So, if you have got an attractive return of say 8.5% on your FD and the inflation during the period was 7%, your actual rate of return is 1.5%. To make matters worse, if you are into say 30% tax slab, your real earnings will be a negative of 1.05% ($8.5\% \text{ less } 30\% = 5.95\%$ less inflation 7%). Thus, your post-tax real returns are declining by investing in bank FDs. So, if you are investing for so many years, you are losing money as well as the opportunity to create wealth by investing in

After weak GDP numbers, IIP grows 4.3% in July against 1.3% in June

Industrial production may give the government some respite, bogged down by criticism over low gross domestic product (GDP) growth numbers for the first quarter of 2019-20 (FY20). The Index of Industrial Production (IIP) rose by 4.3 per cent in July, against 1.2 per
