

As an investor, one should have the basic understanding of asset allocation, irrespective of

1. Equities: This includes direct equity stocks, equity mutual fund schemes, equity

Young adults are perhaps the richest among all of us. They have something more than all of us – “time” at an age when the possibilities are unlimited. In case you are a young adult in 30s or a parent / guardian with children approaching or in their 20s, this article is for you. The article tells us few things which perhaps we were never told when we were young. We bring to you six valuable investment guidelines that can literally make a huge impact in 1.

Vetri is part of the AMC start-up team and has over 22 years' experience in the Indian equity markets and oversees the equity management function. He laid the foundation for strong equity management processes and assembled a solid team of equity analysts and fund managers. His last assignment was with Motilal
